Philippine bushmen.

"The negritos carry
gray dogs with the go." says Mrs. Wood

SAN FRANCISCO, Nov. 17-The place where the lapdog fashion, which is so prevalent among the women of the "400", originated, has been discovered. The honor of discovery

discovered. The honor of discovery has gone to an American woman, Mrs. P. M. Woods, wife of a navy officer, stationed a Civite, Phillipine island, and who lives in San Francisco.

The originators of the fashionable habit are the half naked negroes who live in the wilds to the back of the Clongapo country. Mrs. Woods, accompanied by her husband, and a body guard of sallors, spent more than a month among these natives, investigating their mode of life and taking pictures. Through the medium of her Mrs. Woods's husband is on duty pictures. Through the medium of her many sweepings and meany gives welcomes us.

Mrs. Woods's husbands on on duty camera she has direct evidence to aboard the monitor Monadoock. She support her claims that the dog carwent to the islands about eight months rying habit originated among the wild ago.
